

Circular Edition systems Rethink new

Philips Circular Edition is a portfolio of high-quality refurbished medical imaging systems. They perform as good as new, with the same warranty and service performance levels as new Philips systems, for 25% less¹ than budgeting for new. Our Circular Edition systems - available across a wide range of modalities - are designed to reduce the cost of care and your carbon footprint. A high-quality way to rethink how you can deliver accessible, equitable care to more people.

Philips Circular Edition systems

25% cheaper than equivalent new systems¹

Custom configurable to suit your needs

Same-as-new warranty with support options available

Reuse 80% average weight² of returned systems

Rethink your care potential

Limited imaging options make heavy caseloads even more challenging. A brand-new imaging system is likely your ambition, but financial parameters imply that's not always possible. We can help you bring your ambitions closer to your budget with high-quality imaging equipment that will support your diagnostic challenges at an attractive price.

Rethink new with Philips Circular Edition systems

Think affordable

When budget concerns take priority, Circular Edition systems are an affordable option to get you the vital equipment you need:

- 25% cheaper than new¹
- Limited initial capital investment
- Same-as-new warranty
- Uptime and support options for remaining service life

Think as good as new

Circular Edition systems are custom configurable and come with Philips high-quality service performance levels:

- Cosmetic makeover
- Tested and validated following rigorous processes
- Proactive replacement of OEM components and parts (for CT only upon customer order request)
- Installed, calibrated and tested by our expert engineers
- Software updates available³

Think sustainable

Buying Circular Edition helps you minimize your impact on the environment:

- Limits the need for virgin materials by reusing 80% average weight² of returned systems
- Ensures Philips systems have a second chance to fulfill their lifetime usage potential
- Supports reaching sustainability goals

Take the next step

Don't let equipment costs limit your capabilities; embrace the value in refurbished with Philips Circular Edition. A smart choice that will have a positive impact on your health system and your carbon footprint.
